

BBNA In the Community
Free Tree Giveaway—A success story for 2022!

- The City of Tampa had a free tree giveaway for Earth Day 2021.
- Our BBNA liaised with the city and coordinated delivery of additional free trees to those neighbors who did not receive any from the city or wanted additional trees.
- The giveaway was widely posted to our BBNA households via email, Nextdoor, and other social media platforms.
- We received close to 50 3-gallon tubs of 6' to 8' tall saplings of: Winged Elm, Live Oak and Bald Cypress.
- The response was overwhelming, demand was great and soon outstripped our supply!
- Our neighbors that received trees were so appreciative of the opportunity to plant these beautiful trees on their properties, and for free! We got lots of positive feedback, thanking us for our efforts and the opportunity to green our gardens and neighborhood!
